## FOREWORD

Chhattisgarh infotech and biotech promotion society or CHiPS is implementing integrated e-Procurement system across all departments of the Chhattisgarh state. CHiPS is a society under Government of Chhattisgarh facilitating the implementation, as the State Implementing Agency, and in conjunction, as the Systems Integrator, is helping CHiPS for the smooth implementation of the system.

For creating awareness among the suppliers to all government departments of the State where the integrated e-Procurement module would be rolled out, a “Supplier Registration Manual” has been prepared. The manual is intended to help a seller register himself/herself in the portal.

In this document, the terms “supplier”, “seller” and “vendor” are used interchangeably, they mean the same.

There are two categories of vendors who would approach the portal to bid for tenders, existing and new ones.

This procedure for registration would be different for New Suppliers and Existing Suppliers. New Suppliers do not have enrollment number but existing Supplier would have this number. However, in case Suppliers with enrollment number are found blocked by the system, CHiPS need to be contacted for clarification.

For New Supplier, the following would be required mandatorily for registration –

- a) PAN Card Number information
- b) CRN Certificate scanned copy if Vendor Class is A,B,C, or D
- c) Preferred Login code
- d) All business coordinates related to bidding.
