All vendors will be able to view the tenders (except limited tenders) on the homepage once they are published and Live.

However if you are invited for a tender then you will be receiving both Email & SMS.

12. What is a Digital Signature Certificate (DSC)?

These certificates are issued to individuals/organizations. As these are high assurance certificates (primarily intended for e-commerce transactions on online applications), they will be issued as Class – II/Class – III certificates to individuals/organizations by the Certifying Authorities. The vendors/bidders should have both Encryption & Signing Digital Certificates to operate in the CG e-Procurement portal.

13. How do I get a DSC?

The Certifying Authorities (CA) under Controller of Certifying Authorities (CCA) issues Digital Certificates. CA issues Class – II or Class – III Digital Signing & Encryption Certificates to the end users. You can approach any authorized CAs (in India) for getting Digital Signature and Encryption Certificates. Some of the authorities are listed below:

- Safescrypt - www.safescrypt.com
- IDRBT - www.idrbtca.org.in
- GNFC - www.ncodesolutions.com
- eMudhraCA - www.e-Mudhra.com

14. What the procedures to be followed to obtain & use the DSC (i.e. digital certificate)?

- To participate in the e-Procurement process and to establish their identity in online bid submission process it is mandatory for contractors/Bidders to obtain a Class-II/III Digital Certificates at their cost. The Class-II/III Digital Certificate will be acceptable only if it is issued by an approved Certifying Authority authorized by the Controller of Certifying Authorities, Government of India. The details can be seen at <http://www.cca.gov.in>. Issue

of a Class-II/III Digital Certificate takes some time and it is issued by the issuing authority only on receipt of the required documents and due verification process.

- The Digital Certificate issued to the authorized user of a Partnership firm / Private Limited Company / Public Limited Company / Joint Venture and used for online bidding will be considered as equivalent to a no-objection certificate / power of attorney to that user.
- In case of Partnership Firm, majority of the Partners have to authorize a specific individual through Authority Letter signed by majority of the Partners of the firm.
- In case of Private Limited Company or Public Limited Company, the Managing Director / any other Person (having designated authority to authorize a specific individual) has to authorize a specific individual through Authority Letter.
- Unless the certificate is revoked, it will be assumed to represent adequate authority of the specific individual to bid on behalf of the organization for online tenders as per Information Technology Act 2000. This Authorized User will be required to obtain a Digital Certificate. The Digital Signature executed through the use of Digital Certificate of this Authorized User will be binding on the firm. It shall be the responsibility of Management / Partners of the concerned firm to inform the Certifying Authority, if the Authorized User changes, and apply for a fresh digital certificate for the new Authorised User.
- It shall be the sole responsibility of the participating bidder to obtain, protect and maintain validity of the Class-II/III Digital Certificate and the bidder will not be able to participate in the e-Procurement process in absence of appropriate Class-II/III Digital Certificate.
